Mr. Underhill,

This is a final response to your January 4, 2013, Freedom of Information Act (FOIA) request for records relating to all "commercially" made films since WWI. Public Affairs conducted a search and provided eight pages of information responsive to your request. This information is provided without excision. Inasmuch as this action constitutes a full grant of your request, I am closing this file in this Office. There are no fees associated with this response.
